Cancellation Policy
Refund of registration fees may be requested by sending an email to Johanna@uci.edu. Cancellations received before Oct 31, 2018 will receive a full refund. Cancellations made after Oct 31, 2018 will be subject to a 75% cancellation fee.

Accreditation Statement
The University of California, Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement
The University of California, Irvine School of Medicine designates this live activity for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

California Assembly Bill 1195
This activity is in compliance with California Assembly Bill 1195 which requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. For specific information regarding AB 1195 and definitions of cultural and linguistic competency, please visit the CME website at www.cme.uci.edu

ADA Statement
In compliance with the Americans with Disabilities Act, we will make every reasonable effort to accommodate your needs. For any special requests, please contact Dana Stradling at dstradli@uci.edu or 714-456-7637 by Oct 1, 2018.

Disclosure Statement
It is the policy of the University of California, Irvine School of Medicine and the University of California CME Consortium to ensure balance, independence, objectivity and scientific rigor in all CME activities. Full disclosure of conflicts and conflict resolutions will be made prior to the activity in writing via handout materials, insert or syllabus.

The UCI Health Comprehensive Stroke and Neurocritical Care Symposium offers an update on the latest advances in stroke care and research. Improving stroke patient outcomes requires a multifaceted approach that includes pre-hospital, acute care, ICU management and rehabilitation care, as well as reintegration into the community. This conference is designed to improve the knowledge and performance of healthcare providers for patients with stroke and cerebrovascular disease.

Target Audience
The conference is targeted for neurologists, primary care physicians, cardiologists, vascular surgeons, neurosurgeons, psychologists, registered nurses, physician assistants, nurse practitioners, pharmacists, physical therapists, occupational therapists, speech therapists, social workers, case managers, EMT personnel and other healthcare providers directly involved with delivery of care to persons with stroke and cerebrovascular disease.

Learning Objectives
After completing the learning activity, the participant should be able to:
• Identify best practice in acute treatment for stroke
• Discuss the role of multidisciplinary care in stroke
• Examine the latest advances in surgical and endovascular intervention and ICU management of the hemorrhagic and ischemic stroke patient
• Discuss the innovations in stroke care

Course Description
The UCI Health Comprehensive Stroke and Neurocritical Care Symposium offers an update on the latest advances in stroke care and research. Improving stroke patient outcomes requires a multifaceted approach that includes pre-hospital, acute care, ICU management and rehabilitation care, as well as reintegration into the community. This conference is designed to improve the knowledge and performance of healthcare providers for patients with stroke and cerebrovascular disease.

Target Audience
The conference is targeted for neurologists, primary care physicians, cardiologists, vascular surgeons, neurosurgeons, psychologists, registered nurses, physician assistants, nurse practitioners, pharmacists, physical therapists, occupational therapists, speech therapists, social workers, case managers, EMT personnel and other healthcare providers directly involved with delivery of care to persons with stroke and cerebrovascular disease.

Learning Objectives
After completing the learning activity, the participant should be able to:
• Identify best practice in acute treatment for stroke
• Discuss the role of multidisciplinary care in stroke
• Examine the latest advances in surgical and endovascular intervention and ICU management of the hemorrhagic and ischemic stroke patient
• Discuss the innovations in stroke care

Session I  Keynote Speakers
Moderators: Frank Hsu, MD, PhD and Wengui Yu, MD, PhD
8:10 a.m. Cardiovascular Surgery: Current Status and Future Directions
Robert F. Spetzler, MD
8:40 a.m. Results of DEFUSE 3: Thrombectomy Beyond 6 Hours per Perfusion-Mismatch
Gregory W. Albers, MD
1:15 p.m. Monitoring and Management of Vasospasm after SAH
Leonard C. Grossman, MD
1:30 p.m. Malpractice MCA Stroke and Early Hemiscoreanctomy
Yama Albers, MD, PhD
1:45 p.m. Evaluation and Management of Elevated ICP
Sara Sven Hasso, MD, FACR
2 p.m. Wake-up Stroke: Not Too Late for IV tPA
Mohammad Shafie, MD, PhD
2:15 p.m. Discussions

Session II Innovations in Stroke Care
Moderators: Steven C. Cramer, MD and Cyrus Dastur, MD
9:10 a.m. Telehabilitation for Patients with Stroke
Steven C. Cramer, MD
9:25 a.m. Susceptibility-weighted Imaging: Neurovascular Diseases and Beyond
Anton N. Hasso, MD, FACR
9:40 a.m. Deep Learning for Automated Intracranial Hemorrhage Detection and Quantification
Dana C. Zhao, MD
9:55 a.m. Morning Break

Session III Innovations in Stroke Care
Moderators: Kiarash Golshani, MD and Li-Mei Lin, MD
10:10 a.m. Surgical Treatment of Giant Aneurysm
Frank Hua, MD, PhD
10:25 a.m. Reduce Door-to-Reperfusion Time for Thrombectomy
Shuichi Suzuki, MD, PhD
10:40 a.m. Endovascular Treatment of Arteriovenous Malformation
Kiarash Golshani, MD
10:55 a.m. New Trends in the Neurosurgical Treatment of ICH
Jeff Chan, MD, PhD
11:10 a.m. Endovascular Treatment of Aneurysm: The Flow Diversion Revolution
Li-Mei Lin, MD
11:25 a.m. Discussions
11:50 a.m. Lunch Buffet

Session IV Neurocritical Care of Severe Stroke
Moderators: Cyrus K Dastur, MD and Jeff Chan, MD, PhD
1 p.m. Blood Pressure Control in Patients with Hemorrhagic Stroke
Cyrus Dastur, MD
1:15 p.m. Treating the Preventable Stroke
Mark Fisher, MD
1:30 p.m. Stroke Therapy during Pregnancy
Hermelinda Abcede, MD
1:45 p.m. Malignant MCA Stroke and Early Hemicraniectomy
Yama Albers, MD, PhD
2 p.m. Recovery, Recovery from a Massive Stroke
Ted Baxter/Steven L. Small, MD, PhD, MD
3:15 p.m. Discussions

Session V Stroke Therapy, Prevention, and Rehabilitation
Moderators: Mohammad Shafie, MD, PhD and Cyrus K Dastur, MD
3 p.m. Treating the Preventable Stroke
Mark Fisher, MD
3:15 p.m. Stroke Therapy during Pregnancy
Hermelinda Abcede, MD
3:30 p.m. Carotid Stenosis and Cerebrovascular Disease: The underestimated stroke
Yama Albers, MD, PhD
3:45 p.m. Intravenous Thrombolysis for Severe Intracranial Hemorrhage
Mohammad Shafie, MD, PhD
4 p.m. Endovascular Treatment of Aneurysm: The Flow Diversion Revolution
Li-Mei Lin, MD
4:15 p.m. Adjourn
