

## University of California Irvine Adult Neurology Program

### PGY2 Adult Neurology Schedule

Block	1	2	3	4	5	6	7	8	9	10	11	12
Site	1	1	1	1	1	1	1	1	1	1	2	3
Rotations	Neuro critical care	General	Stroke/ Night Float	Stroke/ Night Float	Vacation/ Night Float	Stroke	Outpatient	General	General/stroke	Outpatient/ Vacation	Psychiatry	Child Neurology
Outpatient (%)	0	10	5/0	5/0	0	10	100	10	10	100/0	50	10
Research (%)	0	0	0	0	0	0	0	0	0	0	0	0

- \* Each Rotation Block is 4 weeks
- \* Site 1: UC Irvine facilities, Site 2 VA, Site 3 CHOC (Children's Hospital Orange County)
- \* 4-week vacation per the academic year (PGY2-4)
- \* 1/2 week continuity clinics throughout entire training (PGY2-4) years except when on Vacation, Night float or ICU
- \* Continuity Clinics Alternate between Site 1 and Site 2
- \* Research Exposure, Quality Improvement Project and Attendance to at least 1 national conference throughout the training
- \* Inpatient rotations (Stroke/General/night float) assume consult in the emergency room, exposure to very broad spectrum of neurological patients as a primary service and consults and the neurocritical care unit

### PGY3 Adult Neurology Schedule

<b>Block</b>	1	2	3	4	5	6	7	8	9	10	11	12
<b>Site</b>	1	1	1	1	1	1	1	1	1	1	3	3
<b>Rotations</b>	Elective	Neuro critical care	Outpatient	Night Float/ Stroke	Outpatient	General	General/ Night Float	Vacation/ Night Float	Stroke/ Outpatient	Vacation /Stroke	Child Neurology	Child Neurology
<b>Outpatient (%)</b>	50	0	100	5	100	10	5	0	60	5	10	10
<b>Research (%)</b>	50-100	0	0	0	0-50	0	0	0	0-50	0	0	0

\* 4-week vacation in PGY3

### PGY4 Adult Neurology Schedule

<b>Block</b>	1	2	3	4	5	6	7	8	9	10	11	12
<b>Site</b>	1	1	1	1	1	1	1	1	1	1	1	1
<b>Rotations</b>	Elective	Elective	Outpatient	General	Outpatient /Night Float	Vacation	Outpatient/ Night Float	Stroke	Outpatient	Neuropathology	General	Stroke
<b>Outpatient (%)</b>	100	100	100	10	50/0	0	0/5	10	100	100	10	10
<b>Research (%)</b>	50 -100	50 - 100	0	0	0	0	0	0	0-50	0-50	0	0

\* 4-week vacation in PGY4

**\* Notes:**

**Outpatient Rotations**

General Neurology/Headaches

Epilepsy

Vascular Neurology

Memory disorders

Movement disorders

Neuroimmunology

Neuromuscular Center

Neurooncology

Neuroophthalmology

Brain Repair Center / Neurorehabilitation

Electromyography (EMG)

Electroencephalography (EEG)

Neuroimaging

**Additional Elective options**

Research

Intraoperative Neuromonitoring

Pain/Palliative Care

Sleep Medicine

Neurootology

Neuroimaging
