Dec. 10, 2018, 5:00-7:00 pm   **UCI Student Center**

THE 8TH ANNUAL ARNOLD STARR LECTURE & EXHIBITION

Art, Science and the Space Between

Monday, December 10, 2018, 5:00-7:00 pm Reception and Lecture (Free)

Speakers

- *Tahseen Mozaffar, MD,* Interim Chair, Dept. of Neurology and Director, Neuromuscular Program
- *Steven Cramer, MD,* Professor of Neurology and Associate Director, Institute for Clinical & Translational Science, will speak on *The Neurology of Creativity*. He is also a musician and poet.
- *Sandra Dijkstra,* literary agent, long-time admirer and collector of the artist's magical creations, will introduce James Hubbell.
- *James T. Hubbell, Artist,* is widely known for his organic style buildings, which are one-of-a-kind sculptures. His art and architecture are embodied in homes, schools, pavilions, gardens, museums, monasteries, nature centers, and peace parks around the world from San Diego, to Vladivostok, Russia and Palawan, Philippines. He is the founder of the Ilan-Lael Foundation.
- *Arnold Starr, MD,* is Emeritus Professor of Neurology, founding Chair of the UCI Dept. of Neurology, and founder of the field of Auditory Neuropathy. He is also an accomplished watercolor artist.

Meet the Artists Dinner 7:00-8:30 pm (Donation: $150 pp/$250 couple, includes parking)
An intimate dinner amongst the artworks of Dr. Starr and Mr. Hubbell to raise funds for the Arnold Starr Lecture Endowment will be hosted in the Viewpoint Gallery. Seating is limited.

Register for Lecture and Dinner by Dec. 3, 2018 at: www.neurology.uci.edu/starr-lecture

Contact: Friends-of-Neuro@uci.edu or Gail at (714) 509-2110

About The Arnold Starr Lecture - The annual lecture was established in 2010 to honor the founding chair of the UCI Department of Neurology.   In 1977, Starr became the first chair, helping it grow and gain national and international recognition for its clinical and research achievements.
